# GOVERNMENT POSITIONS

**45,000 to 50,000  
APPOINTMENTS**

Are made to Civil Service places each year. **Excellent** opportunities for **young people**. It is necessary to pass an examination given by the Civil Service Commission before any one can secure one of these places. **No influence** of any kind is required. Only a **common school education** is necessary. Must be 18 years of age or over. For 4 years we have made a specialty of training people for these examinations and **thousands** of our former students are now in the **government service** at salaries ranging from **\$7.00 to \$1,800 per year**. We publish letters in our Civil Service Announcement from over **500 persons** who are in Uncle Sam's service who attribute their success to our **course of training**, which they received by mail.

at their **own homes** and pursued without quitting their usual employment. Send for our Civil Service Announcement, containing dates, salaries paid, places for holding the examinations, and **questions** recently used by the **Civil Service Commission**.

We have also the following Departments in which we give thorough courses of instruction:

**Law, Normal, Stenography, Bookkeeping and Business, Literature and Journalism, Penmanship and Letter Writing, and Agriculture**

Our Law Department is under the management of **H. Charles A. Ray**, ex-Chief Justice of the Supreme Court of India.

Send for a catalogue of the Department in which you are interested.

**Columbian Correspondence College**  
**WASHINGTON, D. C.**

We know the Columbian Correspondence College to be a large and prosperous institution, doing an honest business and bearing a good reputation.

# NEW GUIDES TO CALIFORNIA

PROFUSELY ILLUSTRATED

## GUIDE TO CALIFORNIA

VIA

**The Chicago & North-Western  
Union Pacific and Central Pacific**

Gives you information about Illinois, Iowa, Nebraska, Wyoming, Utah, Nevada, and California.

## GUIDE TO CALIFORNIA

VIA

**THE SANTA FE**

Describes Illinois, Iowa, Missouri, Kansas, Colorado, New Mexico, Arizona, and California over the Santa Fe Route.

## TWO SEPARATE GUIDES

In ordering, designate which route you desire.

These Guides tell of the climate and resources of the districts passed through, also of the customs of the Indian Tribes, Cliff Dwellers, Mexicans, and other interesting races.

Spanish words and names of places translated and pronunciation given.

Give you a description of every town before you enter it, and note every mountain peak, pass, tunnel, lake, and all places of interest seen from the train.

Over two hundred pages are devoted to the great State of California. The extreme northern part with its Japan Current, the great redwood forests, the central valleys of vineyards, orchards, and wheatfields, Southern California with its irrigation, its oranges, and its oil. San Francisco and its wonderful harbor, and all other prominent features are fully described and illustrated.

327 pages. Map. Paper, 50 cents; cloth, \$1.00

# *The* Routing and Controlling of Traveling Salesmen Systematized

---

## *... By the Rand-McNally* Mercantile Recording System

---

**M**ANUFACTURING and jobbing houses have always found the successful management of their agents and traveling men a most complex and difficult problem. This is due in no small measure to the natural disposition of salesmen to trespass upon each other's territory, particularly where towns of considerable importance are situated in close proximity to the dividing line.

In addition to this, and of still greater importance, is the manner in which salesmen (if not carefully and constantly watched) will skip the less promising towns in their field in order to reach the larger places.

While such tactics may result in a larger volume of business in a limited time, they can not in the end succeed, because they leave the territory only partially worked, while no commensurate saving in transportation or other expenses is effected.

These and other evils of a like nature well known to every manager are important factors in the problem, and the only means of overcoming them is to replace the complicated and inadequate methods generally employed, in the sales department with a simpler and more effective system.

**The Rand-McNally Mercantile Recording System** is an appliance specially designed to meet these requirements. With it the boundaries of agents' and traveling men's territories are so plainly marked with colored cords as to render confusion impossible. Every town to be visited is indicated by a tack of a color to represent the salesman in whose territory it is located, thus each man is confined to his own field and unless he visits every town indicated the fact is at once revealed to the operator of the system.
